

Firstsource Solutions Earnings Presentation

Q1FY27

Certain statements in this presentation concerning our future growth prospects are forward-looking statements, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, intense competition in BPS market including those factors which may affect our cost advantage, wage increases, our ability to attract and retain highly skilled professionals, time and cost overruns on client contracts, client concentration, our ability to manage ramp-ups and growth, our ability to manage our international operations, reduced demand in our key focus verticals, disruptions in telecom infrastructure and technology, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, performance of our subsidiaries, withdrawal of government fiscal incentives, political instability, legal restrictions on raising capital and acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry. Firstsource may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company.

Firstsource Solutions Limited, an RP-Sanjiv Goenka Group company (NSE: FSL, BSE: 532809), is a global intelligence partner to enterprises across healthcare, banking and financial services, communications, media, technology, retail, and utilities. Its inch-wide, mile-deep practitioners work collaboratively to reimagine business process management. With operations across the US, UK, India, Philippines, Mexico, Romania, Trinidad & Tobago, South Africa, and Australia, Firstsource combines over twenty-five years of domain expertise with an agent-first delivery model to design, build, and operate intelligent enterprise operations. Through its Intelligence That Operates promise—powered by Kairos, the operating system that makes it real—the company unifies consulting, implementation, and operations into a single full-stack engagement and underwrites outcomes, not effort, turning deep domain intelligence into a compounding operational advantage for the world’s most regulated industries.
